Re: Declaration of Bio-Chem Fluidics conformance to Directive 2002/95/EC and Directive 2011/65/EU (RoHS 2) on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

Bio-Chem Fluidics declares that the product line produced and offered for sale for 2018 conforms to Directive 2002/95/EC (RoHS), as well as, Directive 2011/65/EU (RoHS 2)

Bio-Chem Fluidics hereby certifies that heavy metals such as; lead, mercury, cadmium, hexavalent chromium, as well as polybrominated biphenyls and polybrominated diphenyl ethers were not used as intentional ingredients in the production of the products listed above. In addition, the composition of the raw materials used in producing these products were reviewed for any known presence of residual heavy metals, PBBs, and PBDEs and none above the current RoHS limits were found.

Thank you for your interest in Bio-Chem Fluidics products.

Sincerely,

Scott Kruger
Manager of Quality & Sustaining Engineering
